

# Register for an IdenTrust Mobile Account

Last Modified on 02/19/2021 10:00 am EST

The first step in EPCS is registering with IdenTrust. IdenTrust is the organization that will perform a background check on the user registering and supply the required mobile certification for that user. This mobile certification acts as the second form of authentication in the "Two Factor Authentication" process.

## Things to know before you start:

- The Mobile Cert will **ONLY** work in Google Chrome. If you use Internet Explorer as your primary browser, consider setting up the [USB Token](#) instead.
- Please be aware that IdenTrust charges for their services. Be sure to have a Credit Card ready to pay for this service.
- IdenTrust requires a Credit Card and other personal information for the person applying for the token - this is used in the Background Check process.
- The pricing in the screenshots below is reflective of IdenTrust's pricing at the time of this article, and may change in the future.

## Steps to Register

1. Click the following link to be taken to iSalus' partner page on IdenTrust's website:  
<https://www.identrust.com/partners/isalus-healthcare>

2. Click **Buy Now** to get started.

E SHOULD HAVE EXCLUSIVE USE OF THEIR TOKEN – In  
TO YOUR PASSPORT OR DRIVER'S LICENSE. Under the  
y to revoke the certificate in a case of hardware loss or  
anyone other than the subscriber.

**BUY NOW**
