How to Create Quick Picks

Last Modified on 08/30/2024 10:19 am EDT

Quick Picks are displayed by categories.

1. Select the pencil icon

2. Select the New button to generate a new category

	Quick Pick Setup				
	Quick Pick Setup Categories		Q	uick I	2
	Categories Row 0 of	f 0		Expre	2
	Category	-		¥	
	No data found			1	1
				2	1
				3	ľ
				4	ľ
		*		5	1
	New Add Remov	e		6	1
(Quick Pick Setup Phrases Add a new category		_		
	Category: None Selected				

3. Type in the desired category name

Cate	gories		Row 1 of 1
		Category	-
1	Treatment Plans		
		New Category	
			-
		New Add	Remove

Quick Pick Setup Phrases

Phrases are then built under designated categories.

1. Select the New button

uick	Pick Setup Phrases			•
Cate	ry: New Category Row 0 of 0 Phrase/Verblage Alias found			
		Phrase/Verbiage	Alias	*
lo da	ta found			
			New Add	_
			OK Add a new phrase	Apply
