

Company Setting: SBR 05 HMO Payer SysIDs

Last Modified on 10/29/2024 5:59 pm EDT

The "SBR 05 HMO Payer SysIDs" company setting allows a practice to enter a list of comma-delimited payer IDs that will be sent in loop 2000B SBR05 when the payer source of pay is 16 (Health Maintenance Organization (HMO) Medicare Risk).

The screenshot shows a software window titled "Setup: Company Settings". The window has a blue header bar with a search icon and a gear icon. Below the header, there are four main sections:

- Setting:** A text field containing "SBR 05 HMO Payer SysIDs" with a search icon to its right.
- Value:** A dropdown menu showing "36447".
- Rule:** A dropdown menu showing "Text Area between 0 and 1000 characters".
- Tool Tip:** A text area containing the text "Comma delimited list of non-primary HMO Payer SysIDs who must supply a insurance type codes in 837 Loop 2000B SBR05".

Default Value: Off (no payer IDs)

Options:

- Off (no payer IDs) - no insurance type is sent in loop 2000B SBR05 when the payer source of pay is 16 (Health Maintenance Organization (HMO) Medicare Risk).
 - On (Payer ID(s) separated by commas are added to the "Value" field) - the insurance type is sent in loop 2000B SBR05 when the payer source of pay is 16 (Health Maintenance Organization (HMO) Medicare Risk).
