Intelligent Intake Consent & Letter Setup

Optional Populate RLE Consent Checkbox: You may select one of your existing letter templates or create a new letter to obtain consent for requesting and sharing the patient's data with the RecordSync integration. This is most commonly your existing Privacy Practice or Information Sharing Policy.

1. Click on the **Setup** portal.

2. Select Letters under EMR Setup.

3. Select a Letter Template you would like to use for capturing consent, click Advanced, and check the "Populate RLE Consent" box. This letter is typically your Privacy Practices / Information Sharing Policy

Chart Tab Favorites Setup

Once you've added the Surescripts Record Locator role, you must include it in your Chart Tabs Setup Favorites to display it within your chart tabs.

Note: Until you add the Surescripts Record Locator to your Setup Favorites, it will not be visible within your Chart Tabs.

1. Click on the EMR portal.

2. Select your patient and access the Chart Tabs Setup Favorites option.
