

Overview of the Claim Submission Report

Last Modified on 10/21/2025 11:44 pm EDT

The Claim Submission Report can be used to view claims submitted to insurance within a selected date range, grouped by desired categories such as submission date, submission user, financial class, provider, or service location. The report includes a summary tab with a summary of the current month's numbers that include; Claims Submitted, Distinct Claims Submitted, and Submission Success Rate. It will also provide an advanced search option with the capability of claim drill-down allowing the billing team to quickly review the claims that have been submitted.
